Employee Assistance Programme (EAP)

The Company recognises that employees may face and need help with a variety of issues throughout their lives, and as part of the commitment to employee wellbeing the Company provides an Employee Assistance Programme (EAP).

Support is available on a range of issues including legal, financial, emotional, health issues and work-related concerns.

As part of this Employee Assistance Programme, you also have access to an online wellbeing tool, Wisdom AI, which you can use to find fast answers to any wellbeing questions you have. You can access Wisdom AI at any time via the Health Assured portal. The link in the menu bar will take you directly to the Wisdom AI homepage, where you can ask your question. More details of this service are available from your Manager.

Specific details of how to access the Company will be provided separately.
