Telephone Number: 01843 577277

Email: [housing@thanet.gov.uk](mailto:housing@thanet.gov.uk)

### Opening Times

Wednesday - 9am to 12.30pm

Friday - 9am to 12.30pm

There are currently 3 streams of services within their area:

#### Housing Register/Allocations

- Homeless applications
- Emergency placements

## HOUSING APPLICATIONS

An application for housing must be made online at [www.homechoice.org.uk](http://www.homechoice.org.uk). You will be taken to a pre-assessment form which will let you know if you would be eligible for housing and qualify to join the register.

- If you meet these criteria, then you can proceed to make an application.
- Once your application is verified, you will be placed into one of four priority 'Bands' A, B, C or D dependent on the level of housing need and your circumstances.
- You would then need to BID for a property online if you see a potential property – *The days of waiting lists are over!!*
- When the housing team conduct the shortlist you will be notified if you are successful. Feedback can be seen online on previous homes that have been advertised and this will give insight of what band and date the successful applicant was in, that was offered the property.

## HOMELESSNESS REDUCTION ACT

The [Homelessness Reduction Act 2017](#) significantly reformed England's homelessness legislation by placing duties on local housing authorities to intervene at [earlier stages](#) to prevent homelessness in their areas, and to provide homelessness services to all those who are eligible.

The new duty also requires the specified public authorities to identify and refer a customer who is homeless or may be threatened with homelessness, to your local authority.

The customer must consent to the referral being made. The consent can be made in writing or given orally and can be made by any of the following:

- prisons
- young offender institutions
- secure training centres
- secure colleges
- youth offending teams
- probation services (including community rehabilitation companies)
- Jobcentres in England
- social service authorities (both adult and children's)
- emergency departments
- urgent treatment centres
- hospitals in their function of providing inpatient care
- Secretary of State for defense in relation to members of the regular armed forces
- 

A person is considered homeless if:

- they do not have any accommodation which is available for them which they have a legal right to occupy; or,
- it is not reasonable for the person to occupy their current accommodation, for example, because they would be at risk of domestic

Someone is defined as being threatened with homelessness where they are likely to become homeless within 56 days, or have been served with a valid notice under [section 21 of the Housing Act 1988](#) by their landlord, which expires within 56 days.

## AT RISK OF BEING HOMELESSNESS

If a person or household is at risk of being homeless within 56 days, then the council will offer you advice and offer you a personal housing plan. This is often completed face to face and steps are agreed to ensure that we maximise the opportunity of finding you a housing solution throughout this time. Before a 56 Prevention duty is accepted the Council need to be satisfied;

- Are you Eligible? (e.g. UK citizen resident in the UK)
- Are you at risk of being homeless within 56 days? (e.g. Private rented eviction)

## HOMELESS

If you are homeless then the Council may owe you a 56-day relief duty and this means that regardless of your priority need you will be invited to complete a personal housing plan. Steps will be agreed to ensure there is an opportunity to find a housing solution in this time.

If the Council are unable to find a suitable solution for you the Council a homeless application will be triggered under the Housing Act 1996 (amended 2002) and we will then need to investigate to determine:

- Are you eligible?
- Are you homeless?
- Are you in priority need?
- Are you unintentionally/intentionally homeless?
- Do you have a local connection?
